Malnad College of Engineering (MCE Hassan) offers **undergraduate (UG), postgraduate (PG), and research programmes** in engineering and other related fields.

Here is the department-wise list of courses offered at MCE Hassan.

1. Undergraduate (UG) Courses — B.E.

According to the college's official programme page, the following undergraduate engineering programmes are listed. MCE Hassan

1. **Information Science & Engineering (ISE)**
2. Computer Science & Engineering (CSE)
3. Computer Science & Engineering (Artificial Intelligence & Machine Learning)
4. Computer Science and Business Systems (CSBS)
5. Robotics & Artificial Intelligence
6. Electronics & Communication Engineering (ECE)
7. Electronics Engineering (VLSI Design & Technology)
8. Electrical & Electronics Engineering (EEE)
9. Civil Engineering
10. Mechanical Engineering
11. Electronics and Computer Engineering

2. Postgraduate (PG) Courses

The college lists the following postgraduate programmes. MCE Hassan

1. **Digital Electronics & Communication Systems**
2. Computer Aided Design of Structures
3. Power & Energy System
4. Artificial Intelligence & Data Science
5. Master of Computer Applications (MCA)

3. Research Programmes

MCE also offers research opportunities through:

1. **Ph.D. (Doctor of Philosophy)**
2. **M.Sc. Engineering by Research**

Information about all departments

Civil department

The **Civil Engineering Department** (**CED**) is one of the reputed departments in MCE Hassan established in the year **1960**. It is recognized as a **Research Centre** under the *Visvesvaraya Technological University (VTU), Belagavi*. It is also recognized as a **Minor Quality Improvement Program (QIP) Centre**. CED currently offers a UG Program - **B.E. in Civil Engineering** with an intake of 120 students and a PG Program - **M.Tech. in Computer Aided Design of Structures (CADS)** with an intake of 18 students. The teaching faculty memebers have an average teaching experience of 10 years, including 6 Ph.D.s, 7 ongoing Ph.D.s, and 12 Post Graduates.

The Department is Internet and Wi-Fi enabled to provide 24x7 internet connectivity. Further, the department has an in-house department Library exclusively for the UG and PG Students of Civil Engineering. The department regularly organizes **Dr. C. Gifferd Satyadas Memorial Lecture (Dr. CGSML) Series** and also frequent Alumni - Student Interactions.

The **American Society of Civil Engineers (ASCE) Student Chapter** organizes workshops, professional events, sports events, along with social campaigns, and lectures by great personalities to enhance the all-round development of students throughout the year. ASCE Student Chapter of MCE Hassan actively encourages the future engineers to celebrate all the moments of their stay at MCE academically and culturally and also providing opportunities to hone their extra-curricular skills. The department publishes annual newsletter and magazines to which students and faculty contribute technical and non-technical articles.

SustaiNest is a student club formed by the **Department of Civil Engineering** at **Malnad College of Engineering**, on 01.12.2023 aimed at promoting sustainability awareness, innovation, and skills among students. With the growing relevance of sustainability in fields like urban planning, environmental consultancy, and corporate strategy, the club serves as a platform for practical exposure and collaborative learning. **Key Objectives:** Enhance environmental and sustainability literacy, Organize at least 6 diverse academic and outreach activities per year, Foster leadership, teamwork, and professional development.

Mechanical department

The department of Mechanical Engineering (NBA Accredited) made its beginning with the establishment of the college in 1960. It offers a 4 years (8 semesters) B.E. course in Mechanical Engineering (Autonomous) with an intake of 120 students.

The mission of the programme is to offer quality education, so that students pursue professional career or higher education for further enhancement of their knowledge.

The department has well experienced and dedicated faculty members with many active researchers who are involved in R & D projects. There are totally 28 faculty with an average teaching experience of 17 years, out of which 18 with Ph.D. and remaining with M.Tech./MSc (Engg.) qualification.

All the laboratories in the department are well equipped. Department has state of the art equipment like CNC machines, Coordinate Measuring Machine (CMM), 3D Printer, 6-axis articulated Robot, Computerised UTM, Surface Profilometer etc. to cater the need of both researchers & students.

The department organizes many training/faculty development programmes for the faculty/technical staff and students periodically. Invited lectures from renowned personalities are regularly arranged for the benefit of the students and staff members of the department. The department encourages the faculty and students to attend conferences, workshops and other training programmes to enhance their technical skills.

The alumni of the department are well placed in many of the reputed industries/organisation throughout the world. Apart from this, graduated students are getting admitted for post-graduation to many reputed universities across the world.

Mechanical Engineering Department is recognised as research centre for carrying out research leading to Ph.D/M.Sc (Engg) by research degree by VTU, Belagavi. The department has received research grants from funding organisations like DST, AICTE, VGST, VTU, UGC, TEQIP, etc. Many of the faculty members have presented their research papers in International conferences held abroad and published research articles in peer reviewed journals.

About Department of Electrical and Electronics Engineering

Department of Electrical & Electronics Engineering

The department of Electrical & Electronics Engineering (E&EE), earlier known as Electrical Power Engineering, is one of the first three branches of Engineering started at MCE in the year 1960. At present, there are 3 Ph.Ds specialized in various fields of Electrical & Electronics Engineering and Nine more are at a different stage in the process of pursuing the Ph.D. program. About 200 research papers have been published by the E&EE faculty till date in various international journals and conferences. Apart from the B.E. Degree Course in E&E Engg., the department also offers an M.Tech. Degree Course in Power and Energy Systems. The department is recognized as a research center by the Visvesvaraya Technological University (VTU), Belagavi and there are 11 research scholars with external registration working for their degrees at this research center. These scholars are being guided by the Professors of the department for Ph.D. and M.Sc. (Engg.) Degree, both Part-time and Full-time. Till now, four M.Sc. (Engg.) and four Ph.D. Degrees are awarded by VTU under E&E Engineering Research Centre.

The department has a large number of highly qualified and experienced faculty members. The department has received so far the total amount of about Rs. 1.80 Crores from various Government funding agencies. The department has excellent laboratory and well-equipped computer center facilities which are useful to the students, research scholars as well as for industrial consultancy work.

Electronics and communication engineering

The B.E degree course in Electronics & Communication Engineering was instituted in this college in the year 1967 and a separate department of E&C Engineering was started in the year 1981. The B.E course (4 years with 8 Semesters) has an intake of 90 students. It is an autonomous Programme, affiliated to Visvesvaraya Technological University (VTU), Belgaum. The department also offers an M.Tech degree programme in Digital Electronics & Communication Systems (affiliated to VTU, Belgaum), with an intake of 25 students. This M.Tech. course was instituted in the year 1987. The department has been recognized as a research center for M.Sc (Engg) & Ph.D programmes from the year 1990. The department has a very good infrastructure and laboratory facilities. The department has received grants under the Direct Central Assistance scheme of the Ministry of Human Resources Development, Government of India and AICTE. The laboratory facilities in the department have been significantly improved under TEQIP-I grants. The department has highly qualified and motivated staff. It is conducting short-term courses and workshops on regular basis since 1983, for the benefit of the faculty of Engineering colleges, Polytechnics, PG students, UG students and research students. The department is securing very good results in both B.E (ATNMS) and M.Tech course, every year. The research activities in the department are excellent. The placement records of the department are also very good.The department has made MOU's with INSAT Master Control Facility (a wing of ISRO), HASSAN, Eagle photonics ,Bangalore and BSNL.

About Department of Computer Science and Engineering

The department of Computer Science & Engineering was established in the year 1983-84. It offers four years B.E. course with an intake of 420 students. Department also offers M.Tech course in AI and data Science with an intake of 12 students from the academic year 2025-26. VTU has recognized the department as a research center for carrying out research work leading to M.Sc. (Engg) by Research and Ph.D. degree. Department is accredited by NBA. The department has highly qualified faculty. Well Equipped labs serve the purpose of the curriculum prescribed and also facilitate to carry out innovative projects to challenge the fast-changing needs of the society. Right from its inception, the department has been moving forward in achieving academic excellence with a strong commitment and dedicated approach.

The department has a good rapport with the IT industry. CSE is collaborated with many industries through MOU's. Seminars and workshops are organized regularly to help the faculty and students to update their knowledge about the latest developments. The top-notch Alumni of CSE are functioning across the globe in authoritative position. Department has a good placement record and is striving hard towards the all-round development of student community.

About Department of Information Science and Engineering

Established in 2000, the department initially offered a B.E. Degree program with an annual intake of 40 students. Over the years, this intake grew to 60 in 2018 and further expanded to 180 by 2024. Additionally, in 2023, an M.Tech program in Artificial Intelligence & Data Science was introduced with an annual intake of 18 students. The department boasts experienced faculty who actively participate in workshops and training programs to stay updated with emerging technologies.

Equipped with Computer Centers that cater to program requirements, the department also provides Internet and Wi-Fi access. Its in-house library contains over 1369 volumes. As part of the ISE Association (ISEA), the department conducts regular technical lectures and personality development programs. Students engage in various competitions, securing prizes both within the institution and at other colleges.

The department maintains a strong placement record with reputable organizations, and its alumni pursue higher studies both nationally and internationally. Bi-annually, the department publishes the "ISEAN" newsletter, featuring contributions from students and faculty on technical and non-technical topics, including a crossword section aimed at enhancing students' technical skills. Committed to the disciplined and holistic development of its students, the department continues its endeavors in this direction.

About Department of Electronics and Instrumentation Engineering

The Department of Electronics & Instrumentation Engineering (formerly known as Instrumentation Technology) came in to existence in the year 1984 by then visionaries in the management and authorities of the college. It was started as an offshoot of Electronics and Communication Engineering. **The Department of Electronics & Instrumentation Engineering has been accredited by NBA under tier-1 during 2017-2020 & 2020-2023.** The department has conducted many AICTE/TEQIP sponsored workshops. Our Staff members are specialized in thrust areas of technology and updating their knowledge by attending conferences, workshops and short-term courses.

The Department has been renamed as **Electronics & Instrumentation Engineering** from 2014 by VTU. Degree will be awarded to all successful students admitted from the year 2014 as Electronics & Instrumentation Engineering.

Programmes Offered: Bachelor Degree in Electronics & Instrumentation Engineering with intake of 60, plus 10% lateral entry students. The Department attained autonomous status in year 2007-08.

Facilities in the Department: The Department has a dedicated computer center with all systems networked through LAN. Our Department Lab facility includes Instrumentation, Process Control, Control System, Digital IC's, Data conversion, Electronics Circuits, Analog IC's, VHDL, Microprocessor, Micro-controller and DSP Labs. The students of some departments are carrying out their laboratories in our department. The department is running its own library, having more than 1200 volumes to cater the needs of staff and students of the department.

Consultancy Service Offered in the Department: ICT-Phase-II (a dream project of the Government of Karnataka) inspection program, headed by the HOD and Staff of the department are actively participating to proliferate computer literacy among rural students.

The results of the department are extremely good and have won a gold medal hatrick in the University examinations. A AICTE MODROBs worth 6.00 Lakhs has been obtained & a Research Project worth 5.00 Lakhs is sponsored by VTU, Belagavi . The department has organized many AICTE and TEQIP programmes for the faculty and students periodically.

About Department of Physics

Department of Physics is one of the right places in our college for understanding basic science. The present department is a recognized research Centre from Vishweshvaraya Technological University (VTU), Belagavi where intense research is being taken place in the field of **Quantum dots, Nanotechnology, Solar cells, Materials Science** - Magnetic Materials, Magneto caloric Materials, Ceramics etc.

The department is equipped with well qualified teaching as well as research faculties and supporting staffs. Also, it includes fully-fledged laboratories and advanced experimental setups for students to realize concepts in Physics.

The overall agenda of the syllabus incorporated in the engineering physics is to expose the students to very important basic concepts related to the advanced technology available today around the globe. The list of experiments included in the curriculum are totally related to the classroom theory-syllabus. Therefore, the detailed discussions made in the classroom about the theory would be realized while conducting related experiments back in the laboratory. In this process students would gain deeper knowledge of fundamental governing principles based on which the present day advanced engineering technologies are build.

About Department of Chemistry

Chemistry is one of the vital branches of science without which life does not exists. Engineering is the application of basic sciences and it may be noted that all engineering branches originated from basic sciences. "Science without technology is useless and technology without science is blind".

The department of chemistry teaches and promotes practical aspects to build a solid foundation as part of the engineering education. The department prepares students for core engineering branches by educating them in the chemical knowledge in the first year. Many of engineering subjects depend on chemistry. The faculty members for chemistry are committed to the students and to research. The teaching staffs of the department have published more than 30 research papers of good repute in many national and international journals. The areas of research are chemical kinetics, corrosion inhibition studies and organic synthesis.

About Department of Mathematics

Establishment of department of Mathematics took place in the year 1960. Since 1960, the department continues to impart mathematical skill and analytical thinking to all engineering graduates of this institution. our focus is primarily on teaching and equally on research also. The department is equipped with 15 dedicated faculties with 04 Ph.D.'s. 08 members are perusing Ph.D. in the field of applied mathematics.

About Department of Master of Computer Applications

The Department of Computer Applications was established in 1988 and served as a strong academic unit for over three decades, successfully offering quality education and producing skilled graduates until 2019. Due to admission-related challenges, the department was temporarily closed.

From the academic year 2025–26, the Department of Computer Applications has been restarted, with renewed focus, updated curriculum, modern infrastructure, and a commitment to meeting current industry and academic needs. The department aims to continue its legacy of excellence by providing comprehensive training, fostering innovation, and preparing students for careers in the evolving field of computing.

The department is supported by dedicated faculty members who are committed to academic excellence, research, and student development. We encourage our students to explore, innovate, and actively participate in seminars, workshops, industry interactions, and project-based learning. Our alumni are placed in reputed organizations **across the globe,** contributing to diverse sectors in the IT industry

About Department of Electronics Engineering (VLSI Design & Technology)

The Department of Electronics Engineering (VLSI Design & Technology) was established at Malnad College of Engineering in the academic year 2025-26 with an intake of 60 students to develop skilled professionals for the rapidly evolving global semiconductor and chip design industry. The program is designed to nurture future-ready engineers with strong foundations in VLSI systems, semiconductor technology, embedded electronics, and intelligent hardware design. With the semiconductor industry emerging as a key driver of technological innovation, this program opens pathways to highly rewarding careers in the global electronics ecosystem. VLSI (Very Large Scale Integration) technology powers the modern digital era and serves as the core of smartphones, high-performance Computing Systems, Automotive Electronics, Artificial Intelligence, Robotics, IoT devices, Healthcare Equipment, Communication Systems, and Space Technology. The program provides a perfect balance of academic excellence, practical exposure, and industry-oriented learning through advanced laboratories, modern EDA tools, FPGA and ASIC design platforms, semiconductor fabrication concepts, RTL design, and embedded system development. Students gain hands-on experience that aligns with current industry expectations and emerging technological trends.

The department strongly emphasizes innovation, creativity, research, and professional skill development through technical workshops, internships, industry collaborations, Multidisciplinary project-based learning, Hackathons, and technical competitions. The program aims to develop competent engineers capable of designing next-generation electronic systems and semiconductor solutions. Graduates can pursue exciting career opportunities as VLSI Design Engineers, Verification Engineers, FPGA Engineers, ASIC Engineers, Embedded System Engineers, Semiconductor Engineers, and technology innovators in leading national and international industries.

About Malnad College of Engineering (MCE), Hassan

Malnad College of Engineering (MCE) is an engineering institution located in Hassan, Karnataka. It was established in **1960** as a joint venture of the Government of India, Government of Karnataka, and Malnad Technical Education Society. It became an autonomous institution in **2007** and is affiliated with Visvesvaraya Technological University (VTU), Belagavi. MCE Hassan

1. History of MCE

- **1960:** The college was established and formally opened on 1 September 1960.
- **Founder and initiative:** The late Chandappa Patil, the then Hassan District Commissioner, played a key role in establishing the institution. Local farmers, coffee planters, and philanthropists contributed to its development.
- **Original affiliation:** The college was affiliated with the University of Mysore.
- **Later affiliation:** It subsequently became affiliated with Visvesvaraya Technological University (VTU), Belagavi.
- **2007:** The institution received autonomous status.
- **Recognition:** The college received an ISTE award as one of India's best engineering colleges in 2007. MCE Hassan

2. Location and Campus

- **Address:** No. 21, Salagame Road, Rangoli Halla, Hassan, Karnataka – 573202.
- **Campus area:** Approximately 41.28 acres.
- **Location:** Hassan, situated between Bengaluru and Mangaluru along NH-75.
- **Official website:** MCE Hassan
- **Office email:** office@mcehassan.ac.in
- **Contact number listed on the website:** 9449689093 (Dean–Student Affairs). MCE Hassan

3. Vision and Mission

Vision: To be an institute of excellence in engineering education and research, producing socially responsible professionals. ICDSIS

Mission:

- Create a conducive environment for learning and research.
- Establish industry–academia collaborations.
- Ensure professional and ethical values in all institutional endeavours. ICDSIS

4. Academic Programmes

The college's website lists undergraduate engineering programmes, postgraduate programmes, MCA, and research opportunities. Programme availability and the number of programmes can change by academic year, so consult the official page for the current list.

- **Undergraduate:** B.E. programmes.
- **Postgraduate:** M.Tech. programmes.
- **Computer applications:** Master of Computer Applications (MCA).
- **Research:** M.Sc. Engineering by Research and Ph.D. programmes.

Official source: Programmes Offered at MCE. MCE Hassan

5. Research and Innovation

MCE supports research across its departments and encourages students and faculty to work on practical engineering problems.

Its research activities include:

- Department-based research.
- Interdisciplinary projects.
- Industry-related innovation.
- Research degrees and doctoral studies.
- Student innovation and entrepreneurship initiatives.

The college's ME-RIISE Foundation was formed in **2018** with support from management, teaching staff, and students. MCE Hassan

6. Training and Placements

MCE has a Training and Placement Centre that helps students prepare for recruitment and employment.

Its activities include:

- Placement training.
- Career guidance.
- Industry interaction.
- Campus recruitment.
- Employment preparation and professional development.

The institute's official website names companies such as TCS, Infosys, Wipro, L&T, and BEL among organizations associated with campus recruitment. MCE Hassan

7. Accreditation and Recognition

The MCE website identifies several institutional accreditation and recognition frameworks, including:

- National Board of Accreditation (NBA).
- National Assessment and Accreditation Council (NAAC).
- All India Council for Technical Education (AICTE).
- Visvesvaraya Technological University (VTU).
- National Institutional Ranking Framework (NIRF).

For current accreditation status, programme-specific accreditation, and rankings, consult the relevant official pages. MCE Hassan

8. Student Activities and Campus Opportunities

The college website also highlights student clubs, extracurricular activities, skill development, industry interaction, research, and entrepreneurship.

These opportunities help students develop technical knowledge, communication, teamwork, leadership, and problem-solving skills. MCE Hassan

Official Source for Your College Enquiry Chatbot

Use the MCE Institute page as the primary source for institutional history and general information.

For a reliable chatbot knowledge base, store this information in separate categories:

1. College history and establishment.
2. Vision and mission.

3. Location and contact details.
4. Departments and programmes.
5. Faculty and administration.
6. Admissions and eligibility.
7. Research and innovation.
8. Training and placements.
9. Accreditations and recognitions.
10. Student clubs and activities.

Important: Keep the content traceable to the official website, retain the source page for each fact, and update the knowledge base when MCE publishes new information.

Admission Process at MCE Hassan (2026–27)

According to the official Malnad College of Engineering website, admissions are available through different routes depending on the course and seat category. The college's admission page includes information for **2026–27**. MCE Hassan

Official pages:

- **Admission process:** MCE Admission Process
- **Admission enquiry and contact details:** MCE Admission Enquiry

1. B.E. Admission Process

MCE lists these main admission routes for undergraduate engineering:

A. KCET / KEA quota

1. Apply for the Karnataka Common Entrance Test (KCET) through the Karnataka Examinations Authority (KEA).
2. Meet the applicable eligibility requirements.
3. Take the entrance examination.
4. Check your rank and participate in KEA counselling.
5. Select MCE and your preferred engineering branch during option entry.
6. If a seat is allotted, follow the admission instructions in the allotment order.
7. Report to the college's admission block with the required documents.
8. Complete document verification and fee payment.

Official information: MCE states that government-quota admission is handled through the CET process and KEA seat allotment. MCE Hassan

B. COMEDK quota

1. Register for COMEDK UGET.
2. Meet the applicable eligibility requirements and take the entrance examination.
3. Check your rank and participate in COMEDK counselling.
4. Select MCE and your preferred branch.

5. Complete seat allotment formalities.
6. Follow MCE's reporting, document verification, and fee-payment instructions.

COMEDK's official website provides its examination and counselling information for the 2026–27 academic year. COMEDK

C. Management quota

1. Visit the official MCE Management Admission Portal.
2. Check the available seats, eligibility conditions, and prescribed fee structure for 2026–27.
3. Submit the application and required documents as instructed by the college.
4. Contact the Malnad Technical Education Society (MTES) office regarding seat availability and allotment.
5. Complete the admission formalities and pay the prescribed fees only through the authorized process.

The college's enquiry page states that management-quota applications are received at the MTES office in Hassan. Confirm the current seat-allotment rules directly with the college. MCE Hassan

2. Diploma Lateral Entry

Students who have completed a relevant engineering diploma may be eligible for direct second-year B.E. admission, subject to the applicable rules and available seats.

1. Apply through the relevant KEA process.
2. Complete the required entrance and counselling procedures.
3. Obtain a seat allotment.
4. Submit the required documents and complete admission formalities.

Check the latest eligibility and admission notification before applying.

3. M.Tech Admission

For postgraduate engineering admission:

1. Check the eligibility criteria for the chosen M.Tech. programme.
2. Check the current Karnataka PGCET or other accepted admission route.
3. Apply through the relevant authority.

4. Participate in counselling or the prescribed selection process.
5. Complete document verification and fee payment.

The applicable selection route may vary by programme and admission category. Confirm it through the official college notification.

4. MCA Admission

MCE restarted its MCA programme in 2025–26. Its published 2025 admission notification specified an entrance test conducted by MCE, along with degree and minimum-mark requirements. These were **2025–26 rules**, so applicants should check the current notification for 2026–27 rather than assume the same procedure applies. MCE Hassan

5. Documents Required for B.E. Admission

According to MCE's published 2026–27 admission-process document, students admitted through KEA/COMEDK should prepare the applicable documents, including:

- Entrance examination admission ticket.
- Seat allotment order.
- Entrance examination application form.
- 10th standard marks card.
- 12th standard PUC or diploma marks card.
- Caste and income certificate, where applicable.
- Study certificate.
- Transfer certificate, where applicable.
- Conduct certificate.
- Fee-payment receipt or challan.
- Recent passport-size photographs.
- Aadhaar card.
- Student and parent/guardian affidavits, as applicable.
- Additional certificates for any special quota claimed.

Important: The exact documents and number of copies vary by admission category. Follow the current official checklist. MCE Hassan

6. MCE Admission Contact Details

Contact	Details
MTES Office	08172-268371
Principal's Office	08172-245317
Dean–Student Affairs	9449689093
Admission enquiry / PRO	9141305843
Email	office@mcehassan.ac.in
College address	No. 21, Salagame Road, Rangoli Halla, Hassan, Karnataka – 573202

These contact details are published on the college's official enquiry page. MCE Hassan

Official admission links

- **MCE Admission Process 2026–27**
- **MCE Management Admission Portal**
- **MCE Admission Enquiry**
- **KEA official website**
- **COMEDK official website**

For your AI college enquiry chatbot: Store the admission process separately for KCET/KEA, COMEDK, management quota, diploma lateral entry, M.Tech., and MCA. Keep each year's eligibility, deadlines, fees, and document requirements tied to its official notification so the chatbot does not provide outdated admission instructions.

Eligibility Criteria for Admission to MCE Hassan

For the 2026–27 academic year, eligibility depends on the course and admission route. MCE's official website provides a dedicated Admission Process page. MCE Hassan

1. B.E. Admission Eligibility

For undergraduate engineering programmes, applicants generally need to satisfy the following requirements.

- Educational qualification: Pass 2nd PUC, Class 12, or an equivalent qualifying examination.

- Compulsory subjects: Physics and Mathematics, along with the prescribed additional subject(s).

- Minimum marks: Generally 45% in the specified subjects for general-category candidates and 40% for eligible reserved-category candidates, subject to the applicable admission rules.

- Entrance examination: KCET for KEA seats or COMEDK UGET for COMEDK seats.

- Seat allotment: Admission depends on the applicable counselling process, eligibility, rank, seat availability, and document verification.

For COMEDK UGET 2026, the official brochure specifies Physics and Mathematics as compulsory subjects, along with Chemistry or an accepted alternative, and English. COMEDK

2. Diploma Lateral Entry Eligibility

For diploma holders seeking direct admission to the second year of B.E.:

- Qualification: A diploma in a relevant engineering discipline or an accepted equivalent qualification.

- Minimum marks: Commonly 45% for general merit and 40% for eligible reserved categories, subject to the applicable Karnataka lateral-entry rules.

- Admission route: D-CET and KEA counselling, as applicable.

- Seat availability: Admission depends on the applicable rules and available seats.

Check the current MCE Admission Process for the applicable year's requirements.

3. M.Tech. Eligibility

Applicants generally need:

- A relevant B.E./B.Tech. degree or accepted equivalent qualification.

- The minimum qualifying marks or CGPA prescribed by the applicable regulations.

- A valid PGCET score or another accepted admission route, where required.

- Successful completion of the prescribed counselling and admission process.

Note: The exact eligibility requirements may differ between M.Tech. specialisations.

4. MCA Eligibility

For Master of Computer Applications:

- A recognized bachelor's degree.

- Mathematics at the qualifying level, as required by the applicable admission rules.

- The prescribed minimum aggregate marks.

- Completion of the college's current selection or entrance-test process.

MCE's MCA admission notification for 2025–26 specified its own entrance test. Confirm the requirements for 2026–27 through the official admission page.

5. Management Quota Eligibility

Management-quota applicants must still satisfy the prescribed academic and entrance-examination eligibility for their programme.

MCE's official enquiry page states that management-seat applications are handled through the MTES office in Hassan.

Official Admission Resources

- MCE Admission Process 2026–27

- MCE Admission Enquiry

- COMEDK UGET 2026 Eligibility

- MCE Academic Affairs and Regulations

Important: These are general eligibility guidelines, not a substitute for the current official admission notification. The 2026–27 MCE admission page publishes the current admission process, but the precise

eligibility requirements should be checked against the relevant notification and entrance authority's rules.

MCE Hassan Fee Structure — 2026–27

According to the **official 2026–27 management quota fee notice** published by Malnad College of Engineering, the following fees are listed for first-year B.E. programmes and MCA. MCE Hassan

1. Management Quota Fees

No.	Course / Branch	Fee listed (₹)
1	Civil Engineering	₹1,25,000
2	Mechanical Engineering	₹1,25,000
3	Electrical & Electronics Engineering	₹1,25,000
4	Electronics & Communication Engineering	₹2,25,000
5	Computer Science & Engineering	₹2,50,000
6	Computer Science and Business Systems	₹2,00,000
7	Artificial Intelligence & Machine Learning	₹3,00,000
8	Electronics Engineering (VLSI Design & Technology)	₹1,50,000
9	Robotics & Artificial Intelligence	₹2,00,000
10	Electronics and Computer Engineering	₹2,00,000
11	Master of Computer Applications (MCA)	₹1,25,000

Source: Official MCE management quota fee notice dated 3 June 2026. These are the amounts shown in the notice for the first year; they should not be interpreted as the total fees for the entire course. MCE Hassan

Official fee notice: MCE Management Quota Fee Structure 2026–27

2. KCET / KEA Government-Quota Fees

MCE's official website also provides a fee structure for KEA admissions. The published **2025–26** information lists the following first-year fees:

Seat / Course category	First-year fee
B.E. aided courses	₹44,200
B.E. unaided courses	₹1,12,410

These figures are from the previous academic year and **are not confirmed 2026–27 fees**. The amount payable may depend on the seat category and applicable government fee rules. MCE Hassan

3. COMEDK Fees

COMEDK fees are separate from KEA and management quota fees. The amount depends on the applicable COMEDK fee notification for the admission year.

Check the current details on the official COMEDK website and the MCE Admission Information page.

4. Official MCE Fee Information

For the latest notifications, use these official pages:

- **MCE Admission Information** — current and previous admission notices and fee documents.
- **MCE Admission Process** — admission routes and procedures.
- **MCE Admission Enquiry** — contact information for admissions.

Important: Before paying, confirm whether the quoted fee includes other charges, such as examination, university, or miscellaneous fees, and whether it applies to your specific seat category.

Scholarships at MCE Hassan

According to the official **Malnad College of Engineering (MCE) website**, students can apply for government, private and college alumni scholarships. MCE Hassan

1. Government scholarships

- **SSP / Post-Matric Scholarship** for SC/ST students
- **Fee reimbursement** for eligible SC/ST students
- **Fee concession** for eligible categories
- **Minority Scholarship**
- **Defence Scholarship**
- **Labour Welfare Scholarship**
- **Prathibha Puraskar**
- **Disability Scholarship**

3. Where to apply or ask for help

- **MCE Scholarships page:** Official MCE Scholarship Details
- **SSP portal:** Karnataka SSP Portal
- **National Scholarship Portal:** NSP Official Website
- **MCE Dean – Student Affairs:** 9731793730
- **Email:** ib@mcehassan.ac.in MCE Hassan

Scholarship eligibility, amounts and deadlines depend on the scheme and academic year. Please check the current notification before applying.

Tell me which scholarship you want details about: SSP, **NSP**, **SC/ST fee reimbursement**, **Minority**, or **MCE alumni scholarship**.

Information of schlorship individual

Below is the **complete MCE Hassan scholarship list**, organized individually in the format you requested: **Purpose, Eligibility, Documents Required, Application Process and Official Website**.

The scholarship names are taken from the [official MCE Hassan Scholarships page](MCE Hassan Scholarships). Where MCE lists only a scholarship name without detailed conditions, I have marked the eligibility or application details as **requiring confirmation** rather than inventing them.

PART 1: GOVERNMENT AND OTHER SCHOLARSHIPS

1. SSP Scholarship (State Scholarship Portal)

Purpose

- Provides financial assistance to eligible students pursuing higher education in Karnataka.
- Depending on the scheme, benefits may include maintenance allowances and tuition-fee reimbursement.

Eligibility

- Must meet the Karnataka domicile requirements applicable to the scheme.
- Must belong to a category covered by the relevant department's scheme.
- Must satisfy the prescribed income, academic and course requirements.
- Must be studying an eligible course at a recognized institution.

Documents Required

- Aadhaar Card.
- Caste and income certificates, where applicable.
- SSLC and PUC marks cards.
- College admission details and fee receipt, where required.
- Bank account details.

- Other documents requested by the scheme.

Application Process

1. Visit the [Karnataka SSP Portal](SSP Post-Matric Portal).
2. Register or log in.
3. Select the applicable scholarship scheme.
4. Enter the required personal, academic and bank details.
5. Complete document verification and submit the application.
6. Track the application status.

---

2. Post-Matric Scholarship for SC/ST Students

Purpose

- Supports eligible Scheduled Caste (SC) and Scheduled Tribe (ST) students pursuing education after Class 10.
- May provide maintenance assistance and other benefits under the applicable scheme.

Eligibility

- Must satisfy the relevant SC/ST category requirements.
- Must meet the prescribed family-income limit.
- Must be enrolled in an eligible course.
- Must meet the department's other conditions.

Documents Required

- Aadhaar Card.
- Valid caste and income certificates.
- Previous examination marks cards.
- College admission details.
- Bank account details.
- Other documents required by the department.

Application Process

1. Visit the [Karnataka SSP Portal](SSP Post-Matric Portal).
2. Select the relevant SC/ST scholarship.
3. Complete the application.
4. Submit the required details for verification.
5. Check the application status.

---

3. Fee Reimbursement for SC/ST Students

Purpose

- Helps eligible SC/ST students with approved educational fees.
- The amount covered depends on the applicable government scheme.

Eligibility

- Must satisfy the relevant SC/ST category requirements.
- Must be admitted to an eligible course.
- Must meet the applicable income and other conditions.
- Fee coverage depends on the approved fee structure and scheme rules.

Documents Required

- Caste and income certificates.
- Aadhaar Card.
- College admission order.
- Fee receipt or fee details.
- Bank account information.
- Other documents requested by the department.

Application Process

1. Visit the [SSP Portal](SSP Post-Matric Portal).
2. Check the fee-reimbursement scheme applicable to your category.
3. Submit the required application and documents.
4. Complete college and departmental verification.
5. Track the application.

---

4. Fee Concession for Category I, IIA, IIIA, IIIB and GM

Purpose

- MCE lists fee-concession assistance for eligible students.
- The actual benefit depends on the applicable government scheme.

Eligibility

- Must satisfy the specific category and scheme requirements.
- Income limits and academic conditions may apply.
- Eligibility for General Merit (GM) students must be checked against the particular scheme; not every concession covers GM students.

Documents Required

- Category certificate, where applicable.
- Income certificate, where required.
- Aadhaar Card.
- Marks cards.
- Admission and fee details.
- Other documents specified by the scheme.

Application Process

1. Check the current scholarship notification.
2. Confirm the eligible category with MCE's Scholarship Section.
3. Apply through the designated portal or process.
4. Complete verification and track the application.

---

5. Extra Boarding and Lodging Allowance

Purpose

- Provides additional financial assistance toward accommodation and living expenses under eligible schemes.

Eligibility

- Must satisfy the applicable category and income requirements.
- Must meet the relevant hostel, residence or other scheme conditions.
- Eligibility must be confirmed for the specific scheme.

Documents Required

- Category and income certificates, where applicable.
- College admission details.
- Hostel certificate or accommodation proof, if required.
- Bank account details.
- Other scheme-specific documents.

Application Process

1. Ask MCE whether this allowance is available under your applicable scheme.
2. Check the relevant government notification.
3. Submit the required application and supporting documents.
4. Complete verification.

---

6. Defence Scholarship

Purpose

- Provides financial assistance under an eligible defence-related scholarship scheme.

Eligibility

- Depends on the specific scheme.
- May require proof of a parent's or guardian's eligible defence service.
- Academic and income conditions may also apply.

Documents Required

- Student identity and admission details.
- Previous marks cards.
- Relevant defence-service certificate.
- Income certificate, if required.
- Bank account details.

Application Process

1. Ask MCE which defence scholarship is currently available.
2. Check the relevant scheme notification.
3. Prepare the required service and academic documents.
4. Apply through the designated portal or process.

---

7. Minority Scholarship

Purpose

- Provides financial assistance to eligible students under applicable minority-welfare schemes.

Eligibility

- Must belong to a community covered by the particular scheme.
- Must satisfy its income and academic requirements.
- Must be enrolled in an eligible course.

Documents Required

- Aadhaar Card.
- Community or minority-status documents, where required.
- Income certificate.
- Marks cards.
- College admission details.
- Bank account information.

Application Process

1. Check the current scheme on the National Scholarship Portal or the relevant Karnataka portal.
2. Register or log in.
3. Complete the application.
4. Submit the required documents.
5. Track verification and application status.

---

8. AICTE Pragati Scholarship for Girls

Purpose

- Supports eligible girl students pursuing technical education.

Eligibility

- Must satisfy the current AICTE scheme rules.
- Admission must meet the scheme's requirements.
- Family-income and other conditions apply.
- The eligible admission year and number of beneficiaries depend on the current notification.

Documents Required

- Aadhaar Card.
- Admission and course details.
- Previous marks cards.
- Income certificate.
- Bank account details.
- Other documents specified by AICTE.

Application Process

1. Visit the AICTE Official Website.
2. Find the current Pragati Scholarship notification.
3. Read the eligibility rules and deadline.
4. Apply through the designated portal.
5. Complete the required verification.

---

9. Karnataka Labour Welfare Board Scholarship

Purpose

- Provides educational assistance under applicable labour-welfare schemes.

Eligibility

- Usually depends on the parent's eligible employment and the current scheme conditions.
- Student, income and course requirements may apply.
- Confirm whether the parent's employer and employment category qualify.

Documents Required

- Parent's employment certificate.
- Student's admission details.
- Marks cards.
- Income documents, if required.
- Bank account details.
- Other documents specified by the board.

Application Process

1. Check the current Labour Welfare Board scholarship notification.
2. Confirm the parent's eligibility.
3. Submit the application through the designated process.
4. Complete document verification.

---

10. MHRD Scholarship

Purpose

- MCE lists an MHRD scholarship.
- MHRD is the former name of India's Ministry of Human Resource Development, now known as the Ministry of Education.

Eligibility

- Depends on the specific scholarship scheme.
- Merit, income, academic performance and course conditions may apply.

Documents Required

- Academic marks cards.
- Income certificate, where required.
- Admission details.
- Bank account information.
- Other documents specified in the scheme.

Application Process

1. Visit the National Scholarship Portal.

2. Identify the applicable scheme.
3. Check the current eligibility requirements.
4. Submit the application and required documents.

---

11. Prathibha Puraskar Scholarship

Purpose

- MCE lists this scholarship under the Department of Technical Education.
- It provides assistance or recognition according to the applicable scheme.

Eligibility

- Depends on the current notification.
- Academic performance, course and other conditions may apply.

Documents Required

- Marks cards.
- College admission details.
- Identity documents.
- Income certificate, if required.
- Other scheme-specific documents.

Application Process

1. Check the current Department of Technical Education notification.
2. Confirm whether your course and admission year qualify.
3. Submit the application through the prescribed process.
4. Complete verification.

---

12. Kittur Rani Channamma Prathibha Puraskar

Purpose

- MCE lists this scholarship under the name Kittur Rani Channamma Prathibha Puraskar.

Eligibility

- Must satisfy the current scheme's category and academic conditions.
- Any income, domicile or course restrictions must be confirmed from the current notification.

Documents Required

- Marks cards.
- Identity and admission details.

- Income or category documents, if required.
- Other documents specified in the notification.

Application Process

1. Obtain the current scheme notification.
2. Check the eligibility conditions.
3. Apply through the designated department or portal.
4. Complete verification.

---

13. Disability Scholarship

Purpose

- Provides financial assistance to eligible students with disabilities.

Eligibility

- Must satisfy the relevant disability-welfare scheme requirements.
- A valid disability certificate may be required.
- Income, academic and course conditions may apply.

Documents Required

- Disability certificate.
- Aadhaar Card.
- Income certificate, if required.
- Marks cards.
- College admission details.
- Bank account information.

Application Process

1. Check the relevant disability-welfare scholarship notification.
2. Confirm the required disability certification.
3. Apply through the designated portal.
4. Submit the required documents and track the application.

---

14. Arunachal Pradesh Scholarship

Purpose

- MCE lists a scholarship for eligible students from Arunachal Pradesh.

Eligibility

- Must satisfy the scheme's domicile or residency requirements.
- Must meet its course, academic and other conditions.

Documents Required

- Domicile or residency proof.
- Identity documents.
- Marks cards.
- College admission details.
- Bank account details.
- Other documents required by the scheme.

Application Process

1. Check the applicable Arunachal Pradesh or central-government scholarship.
2. Confirm eligibility.
3. Apply through the designated portal.
4. Complete verification.

---

15. Indian Oil Scholarship

Purpose

- MCE's scholarship page lists an Indian Oil scholarship and specifies that it is for students from Uttar Pradesh.

Eligibility

- Must satisfy the particular scheme's domicile and other requirements.
- Academic and income criteria may apply.
- Availability must be confirmed from the current official notification.

Documents Required

- Domicile proof, if required.
- Marks cards.
- Income certificate, if required.
- Admission details.
- Bank account details.

Application Process

1. Check the current official Indian Oil scholarship notification.
2. Read the eligibility conditions carefully.
3. Apply if eligible.

4. Submit supporting documents as requested.

---

16. Sitaram Jindal Scholarship

Purpose

- Provides educational assistance under the Sitaram Jindal Foundation scholarship scheme.

Eligibility

- Depends on the current foundation rules.
- Academic marks, family income, course and institution conditions may apply.

Documents Required

- Academic marks cards.
- College admission certificate.
- Income proof.
- Identity documents.
- Other documents specified by the foundation.

Application Process

1. Check the current official foundation requirements.
2. Confirm the eligibility criteria for your course.
3. Complete the prescribed application.
4. Submit the supporting documents.

---

17. Municipality Scholarship

Purpose

- MCE lists this scholarship for children of eligible municipality employees.

Eligibility

- Must satisfy the applicable employee and student requirements.
- Academic and other conditions may apply.

Documents Required

- Parent's employment certificate.
- Student's admission details.
- Marks cards.
- Identity documents.
- Other scheme-specific documents.

Application Process

1. Check with the relevant municipality.
2. Confirm whether the scholarship is currently available.
3. Obtain and complete the application.
4. Submit the required documents.

---

18. KSRTC Scholarship

Purpose

- MCE lists this scholarship for eligible children of KSRTC employees.

Eligibility

- Must meet the current employee-related and student eligibility requirements.
- Academic and other conditions may apply.

Documents Required

- Parent's KSRTC employment certificate.
- Student's marks cards.
- College admission details.
- Identity and bank details.
- Other documents required by the scheme.

Application Process

1. Contact the relevant KSRTC office.
2. Confirm the current scholarship notification.
3. Obtain the application form or portal details.
4. Submit the required documents.

---

19. Teacher Scholarship

Purpose

- MCE lists a scholarship for eligible children of employees in the teacher category.

Eligibility

- Depends on the particular scheme and the parent's employment.
- Academic and other conditions may apply.

Documents Required

- Parent's employment certificate.

- Student's marks cards.
- College admission details.
- Other documents required by the scheme.

Application Process

1. Identify the specific teacher scholarship.
2. Confirm eligibility with the issuing department or employer.
3. Submit the application and required documents.

---

20. Sri Dharmasthala Scholarship

Purpose

- MCE lists a Sri Dharmasthala scholarship for eligible children of employees.

Eligibility

- Depends on the specific scheme and employment requirements.
- Confirm the current eligibility rules with the issuing organization.

Documents Required

- Parent's employment certificate, if applicable.
- Student's admission details.
- Marks cards.
- Income and identity documents, if required.

Application Process

1. Contact the relevant organization or MCE Scholarship Section.
2. Confirm the current application procedure.
3. Submit the application and supporting documents.

---

21. LIC Scholarship

Purpose

- MCE lists an LIC-related scholarship.

Eligibility

- Depends on the particular LIC scholarship scheme.
- Academic, income and other conditions may apply.

Documents Required

- Marks cards.

- Admission details.
- Income proof, if required.
- Identity and bank details.

Application Process

1. Identify the relevant LIC scholarship.
2. Check the official notification.
3. Confirm eligibility and deadlines.
4. Apply through the prescribed process.

---

22. BSNL Scholarship

Purpose

- MCE lists a BSNL-related scholarship.

Eligibility

- Must satisfy the requirements of the particular scheme.
- Confirm whether the scheme is currently active and whether it is restricted to children of employees.

Documents Required

- Parent's employment proof, if required.
- Student's admission details.
- Marks cards.
- Other documents specified by the scheme.

Application Process

1. Contact the relevant BSNL office or MCE Scholarship Section.
2. Confirm the current scheme and application procedure.
3. Submit the required documents.

PART 2: MCE ALUMNI SCHOLARSHIPS

MCE also publishes a list of scholarships established by alumni and other contributors. The college's public listing provides the scholarship names, but it does not provide complete eligibility and document requirements for every award. MCE Hassan

For each scholarship below, **the exact eligibility, documents, amount and deadline must be confirmed with MCE**.

23. Late Sri Chandappa Patil, IAS Scholarship

Purpose

- Established in honour of MCE's founder, Late Sri Chandappa Patil, IAS.

Eligibility

- Confirm the academic, financial or other selection criteria in the current notice.

Documents Required

- Academic records and other documents specified in the notice.

Application Process

1. Visit the MCE Scholarships page.
2. Open the relevant scholarship notice.
3. Follow the application instructions.

24. M-Foundation Scholarship for Group-D Employees

Purpose

- MCE specifically lists this scholarship for Group-D employees of the college.

Eligibility

- Must satisfy the employee and other conditions specified by the foundation.

Documents Required

- Employment proof and any documents specified by MCE.

Application Process

- Contact MCE's Scholarship Section for the current application process.

25. M-Foundation Scholarship for Students

Purpose

- Provides assistance to students selected under the foundation's criteria.

Eligibility

- Confirm the academic, financial and other conditions with MCE.

Documents Required

- Academic records and any documents specified in the current notice.

Application Process

- Obtain the application details from the MCE Scholarship Section.

26. M-Foundation Best Outgoing Student Award

Purpose

- Recognizes eligible outgoing students.

Eligibility

- The college's current award notice determines the selection criteria.

Documents Required

- Academic records and any required supporting information.

Application Process

- Apply according to the current MCE notification.

27. E&C Department Scholarship

Purpose

- Scholarship associated with the Electronics and Communication department.

Eligibility

- Confirm whether selection depends on department, academic performance or other criteria.

Documents Required

- Academic records and any documents specified by the department.

Application Process

- Contact the E&C department or MCE Scholarship Section.

28. P. S. Ramesh Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Current selection criteria require confirmation.

Documents Required

- Academic records and documents specified in the notice.

Application Process

- Check the latest notice on the official MCE Scholarships page.

29. Shri Abdul Gaffar Shariff Scholarship

Purpose

- MCE lists this scholarship for undergraduate (UG) students.

Eligibility

- Must satisfy the current scholarship criteria.

Documents Required

- Academic records, admission details and any additional documents required.

Application Process

- Obtain the application details from MCE.

30. MYTHREE-83 Best Academic Performer Award

Purpose

- Recognizes eligible students for academic performance.

Eligibility

- Selection criteria and academic requirements must be confirmed in the current notice.

Documents Required

- Marks cards or academic-performance records, as requested.

Application Process

- Follow the current MCE award notification.

31. Mr. K. M. K. Sharma 1984 Batch Scholarship

Purpose

- Alumni-funded scholarship listed by MCE.

Eligibility

- Confirm the current selection criteria with the college.

Documents Required

- Academic and supporting documents specified in the notice.

Application Process

- Contact MCE's Scholarship Section.

32. MTES Gold Medals

Purpose

- Recognizes academic achievement; MCE lists gold medals among its awards.

Eligibility

- The applicable branch, academic performance and award rules determine eligibility.

Documents Required

- Academic records and other documents requested by the college.

Application Process

- Check the current MTES award notification.

33. Best Outgoing Student MTES Scholarship

Purpose

- Recognizes selected outgoing students.

Eligibility

- Selection criteria must be confirmed from the current notice.

Documents Required

- Academic records and any required supporting information.

Application Process

- Follow the current MCE/MTES application instructions.

34. 1981 NSS Batch Scholarship

Purpose

- Scholarship established by the 1981 NSS batch.

Eligibility

- Confirm the current award conditions with MCE.

Documents Required

- Academic records and documents requested by the college.

Application Process

- Contact the MCE Scholarship Section.

35. 1979–84 NSS Last Batch Scholarship for Group-D Employees

Purpose

- MCE lists this scholarship for Group-D employees of the college.

Eligibility

- Must meet the relevant employee and scholarship requirements.

Documents Required

- Employment proof and other documents specified by MCE.

Application Process

- Contact MCE for the current application details.

36. Dr. H. Ananthan Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Confirm the award criteria with the college.

Documents Required

- Academic records and other required documents.

Application Process

- Follow the current MCE scholarship notice.

37. Mr. Dinakar A Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- The college must confirm the current eligibility criteria.

Documents Required

- Academic records and any documents specified by the award.

Application Process

- Contact MCE's Scholarship Section.

38. Mr. B. V. Vijaya Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Confirm the current selection conditions.

Documents Required

- Academic and supporting records specified by MCE.

Application Process

- Follow the college's current notice.

39. Sarandeep Singh Memorial Scholarship

Purpose

- Memorial scholarship listed by MCE.

Eligibility

- Confirm the current selection criteria with the college.

Documents Required

- Academic records and any documents specified in the notice.

Application Process

- Contact MCE's Scholarship Section.

40. Sarandeep Singh Memorial Badminton Cup

Purpose

- A badminton-related memorial award listed by MCE.

Eligibility

- The applicable sporting and selection requirements must be confirmed.

Documents Required

- Sports participation or achievement records, if requested.

Application Process

- Contact MCE for the current award rules.

41. Sri K. R. Venkateshamurthy–Smt. M. K. Kalavathi Corpus Scholarship Fund

Purpose

- A corpus scholarship fund listed by MCE.

Eligibility

- Confirm the current financial, academic or other selection criteria.

Documents Required

- Academic records and any supporting documents specified by the college.

Application Process

- Apply according to the current MCE notice.

42. Sri N. Gurudutt Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Confirm the current award criteria with MCE.

Documents Required

- Academic records and other documents specified in the notice.

Application Process

- Contact the Scholarship Section.

43. B. K. Seetharamiah Memorial Award

Purpose

- Memorial award listed by MCE alongside the Sri N. Gurudutt scholarship.

Eligibility

- The current selection criteria must be confirmed with the college.

Documents Required

- Academic records and any documents requested by MCE.

Application Process

- Follow the current award notification.

44. Sri B. Prakashkumar Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Confirm the current criteria with the college.

Documents Required

- Academic records and any other documents specified in the notice.

Application Process

- Contact MCE's Scholarship Section.

45. Smt. Gowramma and Sri Thammaiah Shetty Cash Award

Purpose

- Cash award listed by MCE.

Eligibility

- Confirm the current selection rules with the college.

Documents Required

- Academic records and other supporting documents, if required.

Application Process

- Check the latest MCE notification.

46. Sri Ravi Bale Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Current selection criteria require confirmation.

Documents Required

- Academic records and documents specified by the college.

Application Process

- Contact MCE's Scholarship Section.

47. Dr. H. J. Amarendra Scholarship

Purpose

- Scholarship listed by MCE in association with Smt. Srikantha Rathna H. N.

Eligibility

- Confirm the current eligibility and selection conditions.

Documents Required

- Academic records and any other documents required by the college.

Application Process

- Follow the latest MCE scholarship notification.

48. Shri Ramesh Scholarship

Purpose

- Alumni scholarship listed by MCE.

Eligibility

- Confirm the award criteria with MCE.

Documents Required

- Academic records and any other documents specified in the notice.

Application Process

- Contact the Scholarship Section for the current application process.

Contact details are listed on MCE's official website.

MCE Hassan — Examination Details

According to the official MCE Hassan Examination Process, the college conducts examinations for its autonomous courses through its Examination Section. The assessment system has two main components: **Continuous Internal Evaluation (CIE)** and **Semester End Examination (SEE)**. MCE Hassan

1. Types of Examinations

A. Continuous Internal Evaluation (CIE)

Purpose

- Evaluates students throughout the semester.
- Includes internal assessments conducted during the semester.

Details

- MCE conducts three Continuous Internal Evaluation tests.
- Internal assessment marks contribute to the student's overall course assessment.
- Internal assessment schedules are announced by the college.

B. Semester End Examination (SEE)

Purpose

- Evaluates students at the end of the semester.

Details

- Conducted at the end of the semester.
- Includes theory and practical examinations.
- The examination timetable is published by the college.
- Results are processed through the college's examination system. MCE Hassan

2. Examination Marks and Evaluation

- Internal assessment and semester-end examinations contribute to the final course evaluation.
- MCE's published evaluation information describes a **100-mark SEE converted to 50 marks** for the relevant assessment pattern.
- The applicable marks distribution depends on the course regulations and academic year.

Official reference: MCE Teaching, Learning and Evaluation. MCE Hassan

3. Supplementary Examinations

Purpose

- Gives eligible students another opportunity to complete courses they have not passed.

Details

- The college publishes supplementary examination notifications.

- Eligible students must register according to the relevant notification.
- The timetable, registration dates and applicable rules are published on the college website.

Official reference: MCE Circulars. MCE Hassan

4. Make-up Examinations

Purpose

- Provides an examination opportunity to students who meet the college's make-up examination rules.

Details

- Eligibility depends on the student's circumstances and applicable academic regulations.
- The college publishes make-up examination notifications and timetables.
- Students should check the relevant notification for registration and eligibility requirements.

Official reference: MCE Circulars. MCE Hassan

5. Paper Seeing and Marks Grievances

Purpose

- Allows students to inspect evaluated answer scripts and raise concerns about assessment.

Process

1. Check the examination notification after results are announced.
2. Register for paper seeing within the specified deadline.
3. Attend at the scheduled date and time.
4. Review the answer script and the applicable evaluation scheme.
5. Submit grievances through the prescribed procedure.

The college's published procedures also describe challenge valuation under the applicable rules. MCE Hassan

6. Examination Timetables and Results

Students can find examination-related notifications on the official website, including:

- CIE timetables.
- SEE timetables.
- Supplementary examination notifications.
- Make-up examination schedules.
- Paper-seeing and challenge-valuation notices.
- Examination-related academic guidelines.

Official page: MCE Circulars and Examination Notifications. MCE Hassan

7. Examination Section Contact

- **Dean of Examinations:** Dr. Prasanna A. A.
- **Contact number:** 8172245317
- **Email:** aap@mcehassan.ac.in

Source: MCE Examination Process. MCE Hassan

Note: Exact marks distribution, passing requirements, attendance requirements and examination eligibility should be checked in the academic regulations applicable to the student's batch.

MCE Hassan — College Timings by Department and Section

According to the official **Malnad College of Engineering (MCE), Hassan** website, the listed working hours are generally the same across the departments checked. MCE Hassan

1. Department Working Hours

Department	Monday–Friday	Saturday	Sunday
Information Science & Engineering (ISE)	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
Computer Science & Engineering (CSE)	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
Electronics & Communication Engineering (ECE)	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
Electrical & Electronics Engineering (EEE)	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
Civil Engineering	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
Computer Science & Business Systems (CSBS)	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed
First-Year Department	9:30 AM–5:30 PM	9:30 AM–1:30 PM	Closed

Official department pages: ISE and other departments.

These are the published department working hours, not a guarantee that every class runs throughout that period. MCE Hassan

2. College Office Timings

The college's general contact page lists its enquiry availability as:

- **Monday–Saturday:** 9:00 AM–4:30 PM
- **Sunday:** Closed

For enquiries, contact the official MCE Contact Page. Malnad College of Engineering

3. Class Timings by Section

The exact class schedule depends on the **department, semester, section and academic timetable**.

For example, ISE Section A and Section B may have different lecture or laboratory schedules. Check the relevant department's timetable rather than assuming all sections have identical class timings.

Official timetable example: MCE Department Timetables. MCE Hassan

Note: The official pages checked do not establish separate working hours for every department and administrative section. For a chatbot, use the published hours above and direct students to their department timetable for section-specific class schedules.

MCE Hassan — Hostel Facilities

MCE Hassan provides **separate boys' and girls' hostel facilities**. The details below are based on the college's official website.

1. Boys' Hostel

Official page: MCE Boys' Hostel

Purpose

- Provides accommodation for students coming from different places to study at MCE Hassan.
- The boys' hostel was established in **1961**.

Facilities Available

- **Accommodation:** Approximately 600–650 students in 324 rooms.
- **Hostel blocks:** Hoysala, Hemavathi and Hasanamba.
- **Room facilities:** Cots, tables, chairs and ceiling fans.
- **Dining:** Modern kitchen and a dining hall accommodating approximately 260 students at a time.
- **Water supply:** 24-hour water supply.
- **Drinking water:** Aquaguard-filtered water.
- **Hot water:** Hot water facility for bathing.
- **Food:** Hygienic food facilities.
- **Internet:** Internet browsing centre for hostel residents.
- **Electricity:** Generator facility.
- **Recreation:** Two TV rooms and indoor games.
- **Safety:** Security services and a ragging-free hostel environment.

Warden Contact

- **Warden:** Prof. G. Manjunath, as identified on the official hostel page.

- **Contact:** 9740595772
- **Official website:** MCE Hassan Library
- **Library catalogue:** EasyLib MCE Hassan

MCE Hassan — Placement Information

According to the official MCE Hassan Training and Placement Department, the college provides placement training, career guidance, skill development and campus recruitment opportunities to students. MCE Hassan

1. Placement Overview

Purpose

- Helps students prepare for employment after graduation.
- Connects students with companies through campus recruitment.
- Provides training to improve employability and interview performance.
- Offers guidance on higher education and competitive examinations.

Placement Statistics

Academic Year	Placement Information
2025–26	Placement records are published on the official website.
2024–25	455 total offers reported in the placement report.
2023–24	334 total offers reported in the placement report.

Note: These figures represent offers reported by the college, not necessarily the number of unique students placed. MCE Hassan

Official records: MCE Placement Records.

2. Placement Training Facilities

MCE provides the following training initiatives:

- **Aptitude Training:** Practice for quantitative aptitude and recruitment tests.
- **Communication Skills:** Professional English and communication training.
- **Soft Skills:** Preparation for interviews and professional environments.
- **Programming Training:** C and C++ crash courses for students from non-circuit branches.
- **Technical Preparation:** Access to aptitude questions, interview puzzles and placement materials.
- **Industry Interaction:** Guest lectures by industry experts.
- **Higher Education Guidance:** Information about GATE, GRE, TOEFL, IELTS and other examinations. MCE Hassan

3. Companies Recruiting at MCE

The college lists several organizations that recruit students through campus placements.

Examples include:

- Tata Consultancy Services (TCS)

- Infosys
- Wipro
- Accenture
- IBM
- Mercedes-Benz
- Robert Bosch
- Toyota Kirloskar
- Toshiba
- Tech Mahindra
- BEL
- L&T

Recruiting companies may vary from year to year. MCE Hassan

4. Placement Process

1. **Student Registration:** Placement enrolment begins at the start of the sixth semester.
2. **Orientation:** Students receive information about placement opportunities and training.
3. **Skill Development:** Students attend aptitude, communication and technical training.
4. **Company Registration:** Eligible students participate in recruitment drives.
5. **Selection Rounds:** Depending on the company, students may attend aptitude tests, technical interviews and HR interviews.
6. **Offer:** Selected students receive offers according to the company's recruitment process. MCE Hassan

The exact selection rounds and eligibility conditions depend on the recruiting company.

5. Department-Wise Placement Details

MCE publishes placement information for individual departments, including:

- Information Science and Engineering (ISE)
- Computer Science and Engineering (CSE)
- Electronics and Communication Engineering (ECE)
- Electrical and Electronics Engineering (EEE)
- Mechanical Engineering
- Civil Engineering
- Master of Computer Applications (MCA)

For department-wise placement percentages, student counts and company details, visit the relevant department's placement page.

MCE Hassan — College Events and Circulars

According to the official **Malnad College of Engineering (MCE), Hassan** website, events, notifications, examination circulars, and academic calendars are published in different sections.

1. College Events

Official page: MCE News and Events

This section includes:

- **College festivals** and celebrations.
- Technical events, workshops, and conferences.
- Sports events and annual athletic meets.
- Graduation Day and convocation announcements.
- Student activities and competitions.
- Recruitment and other official notifications. MCE Hassan

2. College Circulars

Official page: MCE Circulars

Circulars include:

- **Examination notifications** and timetables.
- CIE (Continuous Internal Evaluation) schedules.
- SEE (Semester End Examination) timetables.
- Supplementary examination notifications.
- Revaluation and answer-script viewing notifications.
- Attendance-related guidelines.
- Backlog course registration.
- Graduation Day and convocation notices. MCE Hassan

3. Academic Calendar and Calendar of Events

Official page: Academic Affairs – Calendar of Events

Students can find:

- **Odd-semester and even-semester calendars**.
- Revised academic calendars.
- Academic rules and regulations.
- College handbooks.

- Minor degree registration notifications.

4. Latest Announcements

The official website currently lists announcements such as:

- Instructions to graduands for 2026.
- TBI-MCE incubation programme notifications.
- Annual VTU Sports Calendar for 2026–27.
- Recruitment and other institutional notifications. MCE Hassan

Official Links

Information	Official link
College events and news	News and Notifications
Circulars	Circulars
Academic calendar	Academic Affairs
Circulars and news	Circulars and News

For your college enquiry chatbot: It should distinguish between **college events**, **academic calendar**, and **official circulars**. When a student asks about a particular event or circular, the chatbot should retrieve the matching notice, including its date and details, instead of returning every announcement.
